Professor Dr. J. Lederberg
Department of Genetics
University of Wisconsin
Madison 6, Wisc.
U.S.A.

Dear Dr. Lederberg:

In answer to your letter of November 10th I can tell you that I had asked Professor Westphal some months ago whether I could send to you the preliminary table of E.coli results and strains which are Galactose-negative. He answered that they want to test these strains again, but did not say anything about the table. I have heard nothing on these strains and will write again to him.

Yours sincerely,

F. Kauffmann
